## For Immediate Release

July 22, 2015

### ZACHRY-ODEBRECHT CONTINUES CONSTRUCTION ON GRAND PARKWAY EXPANSION

*Major weekend closures scheduled for US 290, I-45 North and US 59/I-69*

Construction is rapidly progressing for Segments F-1, F-2 and G of the Grand Parkway. Zachry-Odebrecht crews are continuing work at the major intersections of the 38 mile long project. Segment F-1 crews will be installing concrete railing at the US 290 and Grand Parkway interchange requiring a **total closure of the US 290 eastbound mainlanes from Roberts Road to Mason Road, daily from 7 am to 5 pm on Saturday, July 25 and Sunday, July 26**. The traveling public will be detoured onto the frontage road.

Segment G crews will be working on multiple operations including pavement expansion and drainage work along I-45 North. To safely perform the work, Zachry-Odebrecht will implement **total closures on I-45 northbound mainlanes from FM 2920 to SH 99 and southbound mainlanes from Rayford Road to FM 2920, continuously from 8 pm Friday, July 24 to 6 am Monday, July 27**. Motorists will be detoured onto the frontage roads.

In addition, crews will also be performing structure operations along US 59/I-69. To allow for the completion of work necessary, **there will be total closures of US-59/I-69 northbound mainlanes and frontage road from FM 1314 to Community Drive and southbound mainlanes from FM 1485 to SH 99, continuously from 8 pm Friday, July 24 to 7 am Sunday, July 26**. Northbound traffic will be detoured onto Loop 494 while southbound traffic will be detoured onto the US 59/I-69 frontage road.

Law enforcement will be onsite to help ensure the safety of motorists and help maintain traffic. To view all lane closures for the Grand Parkway Segments F-G, visit the Getting Around section of [www.grandparkway99.com](http://www.grandparkway99.com) and follow us on Twitter @sh99fg.

Scheduled lane closures are subject to change.

### About Zachry-Odebrecht

Zachry-Odebrecht Parkway Builders is a fully integrated design-build joint venture that assembled a team with deep engineering and construction resources, significant local knowledge and experience, and complex transportation project experience to build the Grand Parkway, Segments F-1, F-2, and G.

**About Zachry**

Zachry Construction Corporation is a privately-owned, leading construction company headquartered in San Antonio, Texas. Rooted in 90 years of experience, and in its third generation of family leadership, Zachry specializes in the construction of large, technically unique projects around the world – from highways and bridges, to concert halls and hospitals, convention centers to hotels. At Zachry, our success is based on extraordinary people and exceptional partners. We remain committed to building lasting relationships with all that we touch – projects, people and the communities in which we live and work. With offices in Texas, California, Colorado, and North Carolina, Zachry has more than 1,200 employees nationwide and has completed more than 5,500 public- and private-sector projects for a variety of clients. THIS IS ZACHRY'S COMMITMENT TO **EXTRAORDINARY**.

**About Odebrecht**

Founded in 1944 in Brazil, the Odebrecht Organization is today a diversified business leader that operates in more than 20 countries and employs more than 190,000 people worldwide. Ranked by ENR as the 13th largest international contractor in the world (2012), Odebrecht USA opened its office in 1990, and since then it has successfully delivered projects throughout the United States. Odebrecht has a particular emphasis on public-sector infrastructure projects of vital importance for federal, state and local governments, as well as important private developers. Odebrecht USA has generated more than 84,200 jobs and awarded \$655 million in contracts to small businesses. For more details, please visit [www.odebrecht.com](http://www.odebrecht.com).
